POWER TRANSFORMERS

Chloris offers a complete range of Power Transformers. We can also offer customized HVDC Converter Transformers, Mobile Transformers, Regulating Transformers.

Details: Autotransformers (Up to 1000 MVA Up to 765 kV ANSI, IEC, NEMA), Generator Step-up Transformers (Up to 1000 MVA Up to 765 kV), Small Power Transformers (Up to 25 MVA Up to 138 kV ANSI, IEC, IS, NEMA), Medium Power Transformers (Up to 60 MVA Up to 230 kV ANSI, IEC, IS, BS, NEMA), Large Power Transformers (Up to 600 MVA Up to 765 kV ANSI, IEC, IS, BS), Regulating Power Transformers (Up to 20 MVA Up to 66 kV IEC), System / Two Winding Transformers (Up to 300 MVA Up to 275 kV IEC), Phase-shifting Transformers (Up to 500 MVA Up to 525 kV ANSI, IEC), HVDC Converter Transformers (Up to 750 MVA Up to 500 kV ANSI), Mobile Transformers Up to 100 (MVA Up to 245 kV ANSI, IEC), Shunt Reactors (Up to 125 MVA Up to 765 kV ANSI, IEC, IS)

DISTRIBUTION TRANSFORMERS

Chloris offers an extensive range of Distribution Transformers to meet the requirements of power distribution, wind farm energy, utilities and industries.

Details: Amorphous Metal Cores Distribution Transformers, Auto transformer, Cast Resin Dry Type, Conventional Oil Cooled Distribution Transformers, Corrugated Tank Oil Cooled Transformers, Converter Transformer, Low Power Oil Immersed Transformers, Pad-Mount Modular Distribution Centers, Primary Unit Substation Transformers, Secondary Unit Substation Transformers, Self Protecting Distribution Transformers, Single-phase Pole mount Distribution Transformers, Small Power Distribution Transformers etc

SPECIAL TRANSFORMERS

Our special category transformers include customized trackside and loco transformers for the Railways and furnace transformers for Steel manufacturing and industrial plants.

DISTRIBUTION UNIT SUBSTATIONS

Chloris offers Distribution Unit Substations, including Mini and Micro type.

Switchgear Products- MV / HV / EHV / UHV

Chloris offers the widest range of Medium to Ultra High Voltage (UHV) switchgear products to meet the requirements of power generation and distribution substations in utilities and industries.

Details: Vacuum Circuit Breakers, Gas Circuit Breakers, Ring Main Units, Disconnectors, Surge Arresters, Gas Insulated Switchgear etc

Products like Capacitor Switch, LT/HT Automatic PF control Panel, Fixed and Automatic Harmonic Filters, Dynamic Reactive Power Compensator – STATCOM, mechanically switched and thyristor switched capacitor panels also supplied by **Chloris**

We provide qualitative Insulating Bases for Surge Arresters upto 800kV. Our range of Insulating Base have a metal bolt down base as opposed to threads. The range also finds application in substations to insulate high voltage switching gear and transformers.

 **CHLORIS Enterprises India Pvt. Ltd.**
